

# How to link to your Central Oklahoma Charities page

1. You will need to add and modify this HTML code to the appropriate page on your website:

```
<a href="http://www.occf.org/centralok/YourAddress.html"></a>
```

2. Replace "http://www.occf.org/centralok/YourAddress.html" with your Central Oklahoma Charities page. Copy the address to your page from the address bar of your browser and then paste it into the HTML code.

For example, here is the page for the 45th Infantry Division Museum:

The screenshot shows a web browser displaying the Oklahoma City Community Foundation website. The address bar shows the URL <http://www.occf.org/centralok/6358.html>. A callout box points to this URL with the text: "This is the address of the 45th Infantry Division Museum page." The page content includes the Oklahoma City Community Foundation logo and tagline "Helping you help the community". The main heading is "45th Infantry Division Museum". Below the heading is a table of contact information:

Below the table is a call to action: "Make an online donation to this organization's permanent endowment fund at the Oklahoma City Community Foundation" with a "DONATE NOW" button. On the right side, there is a "Share This" button and a "Content" menu with links for "Central Oklahoma Charities Alphabetical Listing" and "Central Oklahoma Charities Categorical Listing".

The modified HTML code for the 45th Infantry Division Museum is:

```
<a href="http://www.occf.org/centralok/6358.html"></a>
```

3. Once the HTML code is modified, paste it into your site.
