INVESTMENT MANAGEMENT

The investment policy of the Oklahoma City Community Foundation calls for a portfolio of equities and fixed income securities that is highly diversified. Capital preservation, protection against inflation and long term growth are the fundamental objectives of the Community Foundation's investment strategy.

Responsibility for investment policy and manager selection rests with a nine member investment committee composed of six Trustees or former Trustees and three non-Trustee Oklahoma City community leaders with strong investment expertise. The investment committee for Fiscal Year 2019 is chaired by Mike Collison and includes Steven C. Agee, Martha Burger, Steven C. Davis, Kirkland Hall, Edward Krei, Bond Payne and Laura Ratliff. J. Edward Barth, Paul Dudman, James H. Holloman Jr. and Christian K. Keesee serve as ex officio members.

This committee, along with investment counsel, United Capital Financial Advisors, LLC, determines asset allocation between equities and fixed income. To provide diversity in the portfolio, the committee addressed allocation as to different styles of equity management and chose style specific professional investment managers. Investment portfolios and performance is reviewed quarterly by the investment committee, with the managers being judged on a time horizon of three to five years.
